## TWO HELD FOR "BOOTLEGGING"

Patrolman George W. Judy Saturday night arrested L. T. Leach on the charge of selling moonshine whisky, and placed him in jail. Leach's arrest was brought about by the statements of several young boys who had been arrested for being intoxicated while in an auto on the streets. Leach was already under indictment on a similar charge, but his case had been continued from the March term to the June term, on account of the absence of important witnesses.

Patrolman Judy also arrested and placed in jail a young white boy named Wesley Sapp, on a charge of having moonshine in his possession. The arrest was made on Eighth street.

Both were brought before County Judge George Batterton in the County Court yesterday morning and formally arraigned on the charges. Leach was held in \$500 bond to appear for examining trial Saturday, and Sapp in \$250 to appear at the same time.

## NEWS OF THE COURTS

In the County Court Judge Geo. Batterton made the following appointments of administrators for the estates of deceased Bourbon county people:

Bessie L. Cantrill appointed administrator of the estate of Ellen Leonard, with W. L. Cantrill as surety. Bond was fixed at \$1,000.

Belle Filer was appointed administrator of the estate of Albert D. Filer, with Robert Crombie as surety, bond fixed at \$1,000.

Harry H. Preston was appointed administrator of the estate of Hattie L. Preston, with Lena P. Taylor as surety, bond fixed at \$1,000.

## MATRIMONIAL

### A Record of Dan Cupid's Doings As The Days Go By

#### MUNGER-SCOTT

Calvin W. Scott and Miss Effie Munger, both of Harrison county, were married Saturday by County Judge George Batterton, in his private office in the court house. The bridegroom is a farmer, the son of Mr. and Mrs. William Scott, of near Cynthiana, and the bride is a daughter of Mr. and Mrs. Robert Munger.

#### HARTLEY-ULREY

Mr. and Mrs. C. J. Hartley, of Newport, former residents of Paris, have announced the marriage of their daughter, Miss Anna Mae Hartley, to Mr. Neil Ulrey, of Bethel, Ohio, the ceremony being solemnized in Newport on March 13th.

During her residence here the bride, a handsome and talented young woman, was a pupil at the Paris High School, where she made an excellent record. She was very popular with a large circle of friends who wish her a long and happily married life.

#### WEIGOTT-BUTLER

Friends of Mr. David H. Butler and Mrs. Mae Kimbell Weigott, both of this city, were greatly surprised to learn of their marriage (which took place on March 8, in the private office of County Judge R. S. Hawkins, of Woodford county, who officiated at the happy event. It was their intention to keep the marriage a secret for some time yet, but in some way, as with all secrets, the news came out. For the present Mr. and Mrs. Butler will make their home in Paris, but will go later on to the groom's farm near Lexington, to live.

Mr. Butler is a son of Mr. and Mrs. W. O. Butler, of Paris. The bride is a daughter of Mrs. Nannie Kimball, of near Austerlitz. For several years she was manager of the Clintonville exchange, of the Cumberland Telephone Co., and later a member of the operating force at the Paris office. Both are popular young people, who have the best wishes of a large circle of friends for their future happiness.

#### KEYES-METCALFE

A special from New York to the Courier-Journal contains the following information of interest to many Paris and Bourbon county people:

"Plans have about been completed for the wedding of Miss Adelaide Keyes, daughter of Mr. and Mrs. William Anderson Keyes, of 375 Park avenue, this city, to George Thomas Metcalfe, a son of the late Mr. and Mrs. J. G. Metcalfe, of Morristown, N. J., and Louisville, Ky., which will take place on April 29 in the Church of the Heavenly Rest.

"Because of the recent death of Mr. Metcalfe's mother, the reception which will be held at Sherry's, will be small, only relatives and a few intimate friends being invited."

The prospective bridegroom is related to Mr. James G. Metcalfe, of Paris. After the wedding the young couple will come to Paris, where they will be guests for some time of Mr. and Mrs. Metcalfe.

### IMPORTANT MEETING OF BOURBON GUN CLUB FRIDAY

A meeting of all the members of the Bourbon Gun Club is called to be held at the court house, on Friday night, March 31, at seven o'clock. The meeting will be for the purpose of getting together on a number of important matters, election of officers, hearing the report of the treasurer, and arranging for the year's business. A smoker will be one of the features of the meeting. All the members are requested to make an earnest effort to be present at this meeting.

### COTTINGHAM GOES TO CHICAGO

Wayne Cottingham, formerly of Paris, and later on the reportorial staff of the Lexington Leader, was in Paris Sunday and yesterday. Mr. Cottingham, who has been night editor of the Associated Press, in Louisville, has been transferred to the Chicago office, which is news headquarters for fourteen States, and will go to the "Windy City" at the end of this week to take up his new duties. Mr. Cottingham will be succeeded at Louisville by Brown Randall, of Winchester.

## TIMELY DISCOVERY BY JAILER PREVENTS PRISONER ESCAPE

A timely discovery in one of the cells at the Paris jail by Jailer Taylor, Sunday morning prevented the escape of several prisoners, which had been well-planned, and lacked only an opportune moment in which to carry out the scheme.

While on a tour of inspection, Mr. Taylor noticed what appeared to be a pile of bed springs on the floor of an empty cell in the right corridor. Upon lifting up an old piece of burlap he discovered that by means of an old angle iron and a small pile of coal, which had been smuggled in the cell, the freestone partition in the cell had been heated so that a large piece had chipped off and the stone loosened, ready for the escape of the prisoners. He made inquiry among the prisoners, and was informed by one of the boys waiting to be taken to the State Reform School that the work had been quietly done by three convicted negroes, Frank Mussinon, sentenced for life, Charles Jones and Will Warren, each sentenced to three years, at a recent term of Court, and who were waiting to be taken to Frankfort to begin their terms.

Several jail deliveries have taken place at the Paris jail in the past year, due to the unsafe condition of the stones in the cells. The grand jury at the March term of the Bourbon Circuit Court in their report to Special Judge Bailey called particular attention to this and cited the need for immediate improvements to make the keeping of prisoners a certainty.

## LITTLE GIRL INJURED BY FALLING POLE

While on her way to school Friday morning, Dorothy, eight-year-old daughter of Judge and Mrs. Denis Dundon, was seriously injured when a falling telephone pole struck her, near her home on Houston avenue.

The official board of the Cynthiana of the home of Frank Remington where a man was engaged in trimming trees in the yard. A large limb from one of the trees fell across a guy wire supporting a telephone pole, pulling it down, causing the pole to fall. The cross arm at the top of the pole struck the child, knocking her down, and pinning her underneath the pole. She was picked up in an unconscious condition by neighbors, and rushed to the Massie Memorial Hospital, where an examination disclosed serious injuries on the chest, head and side. Her escape from instant death was little short of a miracle.

Reports yesterday from the Massie Memorial Hospital, stated that the injured girl was resting comfortably, and that unless complications should set in her ultimate recovery was assured.

## "FADS AND FANCIES OF 1922," LEGION REVUE

When the curtain cue is flashed for the initial performance of "Fads and Fancies of 1922" at the Paris Opera House, April 5-6, the audience can expect a pleasant surprise. "Fads and Fancies" is built for amusement and entertainment. The keynote of the entire performance is "speed." It is billed as a musical revue in two acts and twelve big episodes introducing twenty-nine of the latest song hits, chiefly costumed song and dance numbers, and interspersed with an abundance of satire and comedy.

One of the prettiest song numbers in the production is the "Painted Fan," sung by Mrs. Bob Jones, and danced by Misses Gladys Farmer, Cora Lee Wilson, Ethel Mae Shanklin, Dudley Deaver, Margaret Stanten and Julia Lavin. This is a Japanese fantasy, and is worked in a full stage futuristic set.

Among the specialties is the "Duncan Sisters," vaudeville act by Misses Rebecca Collier and Sarah Bradley. The Duncan Sisters, playing in Fred Stone's show, "Tip Top," rank among the most famous stage entertainers of the day, and in "Fads and Fancies" their dancing and singing is cleverly imitated by the local pair.

## BASE BALL

The contract for enlarging the grandstand, building bleachers and fencing to enclose the ball park for the local team has been awarded to Dads & Boaz. The park which was used by the Ruggles team during the 1921 season will be the home of the Blue Grass League team for this season. The work of making improvements on the grounds is well under way, and everything will be in readiness for the exhibition game to be played with the Boston Red Sox team of the National League, on Saturday, April 8.

The committee appointed to solicit funds from local merchants and "fans" of Paris for stock in the local team have been very successful in their campaign. Their efforts have met with a ready response, and as a result, the club will start on a solid financial footing, something very essential to its welfare.

A suggestion has been made that the winner of the Blue Grass League pennant, which may be either Paris, Lexington, Winchester, Mt. Sterling, Maysville or Cynthiana, arrange a post-season Kentucky championship series with the K. I. T. League, recently formed in Western Kentucky with eight clubs as members. It is considered very probable that such a series will be arranged.

While the salary limit in the new Blue Grass League does not permit the hiring of high-priced players it offers an excellent opportunity to the youngsters who need polishing up before going to the big leagues. There are dozens of good players under twenty-one throughout Central Kentucky who will get a hearing and a try-out in the new league.

Managers and club directors of the six teams in the League are being flooded with letters from ambitious ball players asking for a trial. Many of them write that they will pay their own expenses until they make good. They appreciate the fact that if they go well in this League they will be sent up to a Class B or C organization at or before the end of the season.

A number of shrewd club owners have been looking over the college candidates in the State, and expect to have the signatures of several to their contracts. Under the rulings of the Southern Intercollegiate Athletic Association college youths may play summer ball as long as the salary does not exceed \$7 per day, including expenses. The Blue Grass League will be a boon to the boys who believe they have the ability to break into fast company and want a chance to show what they can do.

Manager B. F. Goodman, of the Paris team, is one of the most conscientious and able men in the League, and what he says can be relied on. Mr. Goodman says when the Paris team is completed and put in the field it will be an aggregation that will make the Paris fans sit up and take notice. While the selection of players has not been given undue attention as yet, Mr. Goodman says Paris has its eye on some good ones, who will help Paris to take a place in the front rank.

## BOURBON COUNTY BANKS SHOW LARGE DEPOSITS

There's a neat little sum of money, taken as a whole, in the Bourbon county banks, judging from the statements recently published in the Paris papers. The figures show a total of \$4,009,672.27 in deposits credited to the seven banks that have published statements. These are as follows:

Peoples-Deposit	\$1,607,093.82
Bourbon - Agricultural	876,612.64
First National	428,043.35
Farmers and Traders	326,499.73
Farmers Bank, Millersburg	295,088.91
Exchange Bank, Millersburg	167,033.91
Deposit Bank North Midletown	309,299.91
Total	\$4,009,672.27

## CITY COUNCIL PROCEEDINGS

At the regular meeting of the Paris City Council, presided over by Mayor E. B. January, and a full Board present, a number of claims against the city were approved and ordered paid.

The Council elected Fred Fister, Paris, to the position of Superintendent of Public Works and Streets made vacant by the death of Thos. P. Woods.

George W. Stuart, of the firm of Stuart & O'Brien, which had a contract with Henry Bickel & Co., of Louisville, to build the concrete curbing on the streets recently made by the company, stated that through an alleged error of City Engineer Boerner they were short \$214 in their settlement with the Bickel Company, and requested the Council to have new measurements made. The Improvement Committee of the Council will take the matter up with the Bickel Company and with former City Engineer Boerner.

Through an arrangement made with the Ruggles Motor Co., the city will secure a new Ford car, with truck body, to be used by the new Superintendent of Streets and Mayor January, in traveling about the city. The price paid was \$390, plus the old police patrol.

The heirs of Thomas P. Woods, at the time of his death Superintendent of Streets and Public Works, were allowed the full salary for the month of March, this being the customary action in such cases.

## MAYOR JANUARY PRESENTED WITH FLOWERS

A large basket of American Beauty roses from Mayor Lou Shanks, of Indianapolis, Ind., was delivered Saturday to Mayor E. B. January. All the Mayors of Central Kentucky towns received a similar gift, made by the Indianapolis executive, in commemoration of the Flower Show, which is an annual event in Indianapolis. The gifts were accompanied by telegraphic messages stating the object for which they were sent. Mayor January responded by telegram, assuring the Indiana Mayor of his appreciation of the floral gift.

## MEMORIAL HOME PURCHASE DECIDED BY COMMITTEE

The matter of purchasing the present home of Mrs. John T. Collins at the corner of Broadway and High streets, for the proposed soldiers' memorial, was practically clinched at a meeting of the committee held in the court house, Saturday afternoon. Chairman James M. Caldwell presided.

Mr. Caldwell announced that a total of \$13,423.50, in cash and pledges, was now available for the purpose. Of this amount the sum of \$2,683.50 was taken in on the Sunday afternoon of the drive, the Bourbon County Womens Club had turned in \$1,000, and the American Legion, \$750.

By a unanimous vote of the members it was decided to complete the purchase of the property, which, as previously stated, will be used as a Community House, in which the Womens Club and the American Legion will have their headquarters. Chairman Caldwell appointed a committee for the legal purchase of the property, and to report at a later meeting of the general committee.

## A CARD OF THANKS

We desire to express our sincere thanks to the many kind friends and neighbors who so generously and unselfishly came to our assistance during the illness and after the death of our beloved aunt, Mrs. Mattie J. Azbill. Especially do we desire to extend our warmest and heartfelt thanks to Rev. C. H. Greer, of the Methodist church, for his consoling words; to the members of the choir, and to Mr. George R. Davis, for his tender and considerate services.

R. H. WILLS AND FAMILY.

## BASKET BALL

The Paris High School basketball teams broke even in their final games played with the Cynthiana teams Friday night. The girls' team won by a score of 12 to 11; and the boys' team lost to Cynthiana by the close margin of 25 to 26.

## EDITORIAL FLINGS

A Paris couple married six years have twelve children, which indicates the Democratic party in this county is going to roll up a tremendous majority some of these days if this family continues to flourish.

Mary had a powder puff,  
Where she kept it we can't say;  
But when she goes to get it  
We always look the other way.

After abolishing the death-trap grade crossings shouldn't we abolish the public road or the city street that is too narrow for vehicles to pass without endangering property and life?

Those fellows who two or three years ago were singing, "How you gonna keep 'em down on the farm," are now singing, "How you gonna keep 'em in the cities when they can't get nothing to do."

Some Paris people have been wondering how New Yorkers manage to keep up their interest in six-day bicycle races. They probably forget that New York was the last city in the land to abandon horse cars.

What is a flapper?  
A nifty little stride,  
Eyes that open wide,  
A cute-baby stare,  
Lotta bobbed hair—  
That's her!

A large number of Kentucky newspapers have been publishing "What Was Done At Frankfort." But none of them has yet published "What Wasn't Done or Should Have Been Done at Frankfort." Probably they didn't want to increase the size of their papers by adding extra pages.

We are strongly inclined to believe that Lexington boy who put out a fire in the school building had to go home after his head had been punched by his indignant classmates, who saw in the fire an opportunity for a few days' extra holiday along about fishing time.

Lives there a Paris man with soul so dead who hath not unto himself said: "I'll surely go fishing tomorrow?" The spring fever and fishing fever has gotten into our bones, and we are in the position of the little fellow who has been kept in at school—want to get out with the rest of the boys.

A woman in Anderson county, who is described as having "ideas of her own in all matters" has grown a lemon fourteen inches in diameter. That is unquestionably something of a lemon, still we don't believe it was quite as large as the one her husband got when he married her.

Women smoking in bed at Augusta, Ga., set fire to the bed, and came near giving that town a large conflagration. Now smoking in bed is wrong. We have found that smoking in the bath tub is far more

enjoyable and less hazardous. We offer this information to our fellow smokers for what it may be worth to them.

A Cincinnati paper says the three States of Maryland, Kentucky and Pennsylvania have ninety-five per cent. of the visible supply of whisky in the United States. The stuff in the other States may not have much visibility, but it is just as full of mule-heel kicks.

That Southern Congressman's statement that "Kaiser Wilhelm stood with folded arms, gazing into the distance through his field glasses," may not have been so far wrong, after all. Perhaps a servile subject held them for "The All-Highest," while murmuring, "Your Majesty, you make Napoleon look like a rank amateur."

## HENDRICKS WILL HEAD WINCHESTER SCHOOLS

Prof. A. T. Hendricks, formerly Superintendent of the Paris City School, was elected Superintendent of the Winchester City Schools by the Board of Education at its regular meeting.

Prof. Hendricks was not an applicant for the Superintendent's office. He has his master's degree from Central University, has done graduate work in the University of Kentucky and the University of Tennessee, and is now completing a course at Columbia University, and will receive an M. A. degree and superintendent's diploma from that institution in June.

Professor Hendricks spent five years in Cynthiana, five years as Superintendent of Paris schools, one year as president of Hamilton College, and one year as Superintendent of Clark County High.

## PRESIDENT PATTERSON GREETED BIRTHDAY CALLERS

Dr. James Kennedy Patterson, president-emeritus of the University of Kentucky, celebrated the eighty-ninth anniversary of his birthday Sunday at his home on the University campus.

Although an invalid for several years, Dr. Patterson was up in his wheel chair Sunday and received his visitors who came in a constant stream during the afternoon to bestow upon him their affectionate best wishes and "many happy returns." He was the recipient of many flowers and of flood of letters and telegrams.

Dr. Patterson became president of the University in 1889 and was head of the institution until his retirement in 1910 after 41 years of faithful service. His length of service as president is the greatest of any college president in America.

## CHAPMAN ON INSPECTION VISIT TO RURAL SCHOOLS

J. Virgil Chapman, of Paris, State Supervisor of Rural Schools, is making visits to various counties in the State in the interest of consolidated schools, and is looking forward to a county-wide consolidation movement in many counties. He recently visited Grant, Pendleton and Bourbon counties to confer with the superintendents and boards of education on rural school problems, and for this week he has accepted invitations to appear in Bracken, Campbell, Boone and Grant, where he expects plans for consolidation to be discussed and approved by the authorities. Mr. Chapman contemplates conducting surveys in these counties and other counties of the State in the spring with a view of consolidation. Next week Mr. Chapman will be in Western Kentucky, conferring with school officials, and addressing educational meetings in Daviess, Hancock, Crittenden and Logan counties.

## BURLEY GROWERS TO BE PAID SOON

Another distribution of funds in the hands of the Burley Tobacco Growers' Co-operative Association will be made soon, Secretary H. L. Earley, of the association, said, but he was not able to say just when this distribution would be made.

Mr. Earley's attention was called to a report in which it was said to be "authoritatively stated" that such a distribution would take place and the probable time given, along with the statement that the third and final distribution would be made within four months.

The secretary said it was true that a second distribution soon would be made, but that the time could not be definitely fixed now. He said full information would be given the 58,000 members of the association in regard to this distribution as soon as possible to do so.

## Y. M. C. A. NOTES

Active practice has begun on the third annual boys' hexathlon to be held March 31. The events are potato race, standing broad jump, running high jump, 8 pound shot put, fence vault and target-throw. Boys are divided into five groups: 1st, over 125 pounds; 2nd, over 110 pounds; 3rd, over 95 pounds; 4th, over 80 pounds; 5th, over 60 pounds. A championship medal will be awarded the highest point winner, silver buttons will be awarded all boys scoring over 500 points, and bronze buttons to those scoring over 400 points. All Bourbon county boys 17 and under are eligible to enter. Entries close March 29.

Plans are being made to open the Y swimming pool this season early in April. Additional equipment for heating the water adequately is being installed. A big season in this sport is expected.

The Boys' Bible Class and the Young-Men's Discussion Group on Wednesday evenings, under the direction of Mr. C. C. Dawes, will continue until May 1st.

At a recent meeting of the Board of Directors a 10% reduction was made in the price of the dormitory rooms.

The report of State Auditor H. S. Tucker for 1921 shows that the receipts for the year were \$11,558.21, and the disbursements \$11,182.27, leaving \$226.99 on hand, with unpaid bills amounting to \$416.49. The net assets from unpaid 1921 and 1922 pledges amount to \$3,214.50, which Secretary Harrison estimates will be sufficient to run the institution to July or August 1, 1922.

## FIRE DAMAGES HISTORIC TRINITY CHURCH, NEW YORK

Fire which broke out late Tuesday in the parish house of historic old Trinity church on lower Broadway, New York, destroyed the third floor and part of the fourth before the flames were brought under control. It was the second time within three weeks that fire has threatened the building.

The blaze was discovered in the Sunday school cafeteria as thousands of persons employed in the financial district were leaving their skyscraper offices for home.

Despite the fact that it was the second fire in the parish house in three weeks, police said there were no evidences of incendiarism. The damage was estimated at \$100,000.

## INGROWN TOE NAIL TURNS OUT ITSELF

A noted authority says that a few drops of "Outgrow" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgrow" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions. (T-11)

## Pleasant Coincidence.

There was such friendly understanding in the household of a certain country vicar who was always considerate toward his servants that one evening the cook was allowed to choose the hymn for the family prayers. When the ceremony was over the vicar's wife said to her: "That was a very nice hymn you chose this evening, cook." "Yes, ma'am," said the cook, "it's the number of my policeman."—London Times.

## THE IMPORTANCE OF BEING PRETTY

Many a girl's fortune is determined by her face. A skin which is fresh, smooth and alluring with the radiance of health, predicts a happy future, because this is the greatest of all womanly charms.

Every girl can have a beautiful, attractive skin if she will only learn to give it proper care.

The constant application of cold creams, lotions, powder and rouge tend to make the skin sluggish and inactive. Dirt accumulates and blackheads and other blemishes appear.

Thorough cleansing once a day prevents such a condition and keeps the complexion fresh and smooth. Cold Cream is beneficial when applied to a clean skin and rouge and powder are harmless beautifiers—but—start fresh every day on a clean foundation. Keep your skin active and it will be clear, fresh, youthful and attractive.

Soap to be thorough, need not be harsh. The mildest toilet soap made is the most thorough of all cleansers, as you will know after you have once tried Palmolive.

You can buy Palmolive Soap at all first class groceries and drug stores.

# PENN'S SPELLS

## CHEWING TOBACCO

Penn's spells quality. Why? Because—

Penn's is packed airtight in the patented new container—the quality is sealed in.

So Penn's is always fresh—an entirely new idea for chewing tobacco.

Have you ever really chewed fresh tobacco?

Buy Penn's the next time. Try it. Notice the fine condition.

And after that, use fresh chewing tobacco—Penn's.

## SAYS AMERICAN FILMS SET ENGLISH "CRAZY"

A movement to brighten the lives of the insane by adding moving pictures to the entertainment in English asylums was suddenly checked by an official declaration that movies will make the insane "madder than ever." About 85 per cent of the British film is American.

## COMMERCIAL CLUB ENDORSES "CLEAN-UP AND PAINT-UP"

Mayor E. B. January has chosen the week of April 10 to 15, inclusive, as a "Clean-Up and Paint-Up Week" for Paris. All rubbish and other refuse about private premises, as well as about the city in general, is expected to be cleaned up and moved away during that week.

"We are heartily in favor of a Clean-Up and Paint-Up campaign here, like those that have become an annual civic institution in thousands of other American cities in recent years, and believe something should be done at once to start it going," says Mr. Harold Harris, Secretary-Manager of the Paris Commercial Club.

"The best evidence of proper community pride is the interest shown in matters of this kind. It is our duty to promote conservation and production in every way possible—to conserve health and property as well as the more sentimental civic ideals, and to promote business and industry, as well as community pride, that all may be enabled as well as urged to advance our national and our personal prosperity.

"Cleanliness, thrift and civic pride are the essentials not only for homes and town beautiful, but for those that are kept safe from the ravages of disease, fire and weather.

"Cellars and attics should be cleared of the accumulations of trash and fire risk, and liberal coats of paint should be applied wherever the ravages of the elements have begun to get in their work on the outside, while walls and floors are made sanitary by paint and varnish.

"The work of paint and painters in bringing cheerfulness and color and hygiene to the home is discounted, however, if the rear yard is left to afford a hiding place for disease breeding trash refuse.

"Indeed, it would seem that property owners generally should be deeply interested in such a campaign, for apparently the time will never come when present buildings can ever be replaced for anything like their original cost.

"We are heartily in favor of a real, continuous campaign to Clean Up and Paint Up, and Keep It Up—not any mere six-day effort. It should be started as soon as possible."

## TWO PARIS GIRLS "WINNING THROUGH" AT UNIVERSITY OF KENTUCKY

Miss Louise Connell, daughter of Mr. and Mrs. John J. Connell, of Paris, Junior in the College of Arts and Science of the University of Kentucky, was elected president of the Women's Pan-Hellenic Council at the beginning of the second semester. She is also a member of the Kappa Delta Fraternity, Su-Ky. Circle, and Catholic Club.

In her Sophomore year she was elected one of the six most popular girls in the University. This is an honor that is conferred by vote of the entire student body. She has taken an active part in The Strollers, the dramatic organization of the University. She took the juvenile lead in "The Climbers," which was presented in her Freshman year.

Miss Connell was graduated from the Paris High School in 1919 and entered the University the following fall, majoring in journalism.

Miss Mary Frances Campbell, daughter of Dr. and Mrs. Francis P. Campbell, of Paris, has won distinction in her chosen department in the University of Kentucky. It is unusual for a Freshman to have work accepted even by the college publications, but Miss Campbell has gone a step further, in that her article, "Kentucky Thoroughbreds" was published by THE NEWS several weeks ago. The article is so well written as to indicate marked ability at a writer.

## HARRY KELLAR, MAGICIAN, CROSSES THE DIVIDE

(From the New York Herald)  
With the death of Harry Kellar at Los Angeles there passed one of the last of a group of entertainers who a quarter of a century or more ago puzzled and delighted theatre-goers by stage magic.

The disappearance of the conjurer from the stage except as a vaudeville performer is perhaps as difficult to explain as the passing of the negro minstrel. Modern invention may have a part in relegating the magician to the past; the working of electricity is more marvelous than any of his light tricks, the motion picture more wonderful than the visions his magic could conjure up. The world knows all about his wooden cabinets and it can no longer be deceived by his basket trick and the vanishing lady. Still we cannot but miss him, and we would not regret his coming back. At his best he ever entertaining, and, besides, he always gave a clean and wholesome show.

## FRIEDA HEMPEL AT LEXINGTON, TUESDAY, APRIL 4

Frieda Hempel, who will be heard in concert at Woodland Auditorium, in Lexington, Tuesday night, April 4, in the "Queen of Coloraturas" and "The Jenny Lind of To-day." During the past year the foremost music critics of the country have written the foregoing phrases of appreciation and countless more. It was for H. T. Parker, distinguished critic of the Boston Transcript to draw a pen picture of the marvelous voice—a picture which glows and shimmers and veritably sings what it tells. Mr. Parker writes: "Miss Hempel stands now at the golden noon of signal powers. Not one of her present compeers in America has a voice to rich and smooth of body, so lustrous, so ample from beginning to end of its range. The usual voice of the ornate singer is either find and delicate of timbre or on exquisitely soft and silvery resonance. Miss Hempel's is lucious, glowing, a veritable golden flood, ranging upward in undiminished body and beauty. The ornaments of song spring from her lips in a kind of splendor that not another singer of our time may now attain. Her highest notes ascend full, round, edgeless; her staccati are not mere sparks. She is a beautiful singer."

Frieda Hempel will be brought to Lexington by Miss Anna Goff, Lexington College of Music. Order tickets by mail now or phone 639X. Seat sale in Ben. Alt Theatre lobby beginning Saturday, April 1. (adv.)

## ROLLER SKATING REVIVED

In the years gone by one of the most popular sports in Paris was roller skating. Many of the older generation can recall the "rinks" conducted at various times in various places by various "professors" of skateology.

Roller skating has suffered a marked revival in Paris, the kiddies deriving great enjoyment from the innocent sport. Every fine afternoon High street, between Fifth and Sixth, has its quota of children, who spend many happy hours skating on the smooth surface of the concreted street. Children have forsaken the usual spring sports, marbles, tops, even base ball, for the pleasure of skimming over the streets on rollers. And children are not alone in the skate revival, for many grown-ups have joined them, and others are secretly wishing they could get up courage enough to do so. Dealers report an increased demand for roller skates.

## TEACHERS ATTEND MEETING

About three hundred attended the monthly meeting of the Parent-Teacher Association of the Centre-Hill Consolidated Schools near Centerville last week. The Association has 280 members, being the largest in the county.

Among the speakers were Mrs. Harris, State Organizer of the Parent-Teachers' Association; Prof. J. M. McVey, Superintendent of Bourbon County Schools, and Prof. C. S. Holbrook, principal of the school. At the close of the program, a bountiful luncheon was served.

### GREAT PITCHER TO BE HERE WITH THE BOSTONS

Bill Piercy is with the Boston Red Sox, Manager Duffey having great faith in his ability, which was shown last year when he won four of the five games he pitched before he hurt his arm. Last winter on the Coast he pitched no ball for the first time in seven years, and under Duffey's encouragement he promises to become one of the American's winning pitchers of the year.

Piercy is one of the tallest pitchers in the game to-day, a twirler who has really a bewildering delivery and a speed artist who figures a two-hit game as an ordinary accomplishment.

The former Yankee pitcher is expected to prove a Red Sox stand-by in 1922. Piercy will appear with the Boston Red Sox in Paris, on Saturday, April 8, at Blue Grass League Park.

One of the most charming of the social functions given in honor of Miss Margaret Ferguson, whose engagement to Mr. Harvey Rogers, of near Paris, was recently announced, was given by Mrs. Virgil Chapman, at her home on Duncan avenue last week. The home was decorated in Easter colors, with yellow jonquils predominating. Seven tables of players enjoyed games of bridge, after which a dainty lunch, consisting of a salad course, and French pastries, was served. In the center of the table was an Easter rabbit on a nest of Easter eggs, with rabbits and chickens, the favors which were later drawn by the guests, and filled with tiny candy Easter eggs. The prize for the highest score, a little antique woman, door stop, was won by Mrs. James W. Thompson. The guest prize, a pair of beautiful Cologne bottles, was presented to Miss Ferguson. Many other functions are in prospect for the lovely young bride-elect, who is one of the most gracious and winsome young women in the county.

Mr. and Mrs. Isaac L. Price have returned from a visit to their daughter, Mrs. C. A. Teller, and family, in Chicago.

### KENTUCKY HIGHWAY TOUCHES ROMANTIC SECTION

Although the Kentucky Senate killed the State bond issue in its closing hours, interest in mountain roads is as great as ever; and Whitesburg and Letcher county, it is announced, will be directly on a State road project—one of the most important perhaps ever agitated in the mountains. This will be a model highway from the mountains to Winchester, or some other point in the Blue Grass section of the State.

It is planned to have the road start from a point near the Virginia border line, possibly Pound Gap and pass through the main Elkhorn coal fields, via Whitesburg, Hazard, through the Hazard coal fields, Jackson, Beattyville, Irvine and other important towns to the Blue Grass. This road has been talked years, and is the most logical route to connect the mountains with the Blue Grass.

The mountain scenery through which the highway will pass is among the most romantic in the State.

### FORMATION OF HEMP ASSOCIATION IS URGED

The formation of a co-operative marketing association, such as is maintained by the tobacco growers, is recommended to hemp growers in letters mailed by congressman Ralph Gilbert, of the Eighth Kentucky district.

More than a fourth of the country's hemp crop was grown in Kentucky last year, according to the Federal Department of Agriculture, but today there are no market quotations on Kentucky hemp, although the Wisconsin product is quoted at 14 cents. Buyers have reported to the department of agriculture that there is no great demand at this time for Kentucky hemp.

Mr. Gilbert is of the opinion that the principal cause for the lack of demand for the Kentucky crop is that no individual grower is in a position to supply large orders and that there is no central marketing agency. Freight rates also are a factor, and it is stated by Mr. Gilbert that hemp from Italy can be delivered in New York, the principal market for Kentucky hemp, at a smaller cost than the Kentucky product. The principal obstacles to proper marketing of the Kentucky hemp crop could be overcome, in Mr. Gilbert's opinion, by the organization of a co-operative marketing association.

## MRS. MACKEY IS DELIGHTED WITH RESULTS

Ten Years Of Suffering From Stomach Trouble Ended In Thirty Days, Declares Massillon Woman—Gives Tanlac Full Credit.

"I can say for Tanlac it relieved me in just a month's time of troubles that made my life miserable for ten years," said Mrs. Fannie Mackel, 202 Chestnut street, Massillon, Ohio.

"During all these years I had no appetite and everything I ate hurt me. Often after eating I had a burning sensation like fire in my stomach and was sometimes deathly sick. My liver was sluggish, I was always needing laxatives and I felt miserable all the time. It seems hard to believe that any medicine could do as much as Tanlac has done for me. I have just finished my third bottle now and my stomach trouble is all gone and I am able to eat things I didn't dare touch for years. I sleep better and feel better than I ever expected to again and I am just delighted with the results I have obtained from Tanlac."

Tanlac is sold in Paris at Roche's Drug Store. (adv)

### SECOND DISTRIBUTION OF TOBACCO TO BE MADE

It was stated yesterday on reliable authority that the Co-operative Burley Tobacco Marketing Association will, in a short time, make another distribution of money to members of the association. As this concerns 50,000 tobacco growers, the announcement is of considerable importance to all Kentucky farmers, especially those of Central Kentucky. It is also pretty certain that the third and final payment on pooled tobacco will be made within a few weeks.

The local houses will probably close for the season at the end of March, as nearly all the tobacco has been delivered, only a few small crops remain out.

### REAL ESTATE DEALS

Mr. and Mrs. J. Madison Jackson, of Fayette county, sold to John D. Marshall, formerly of near Millersburg, their farm of 287 acres, located on the old Ware pike, in Bourbon county, for \$36,225.

Through the Paris Realty Co., Mrs. F. F. McClanahan sold to Mrs. Lon Mann, of Carlisle, a small cottage located on South Cypress street, in Paris, for \$1,425. Mrs. Mann will move to and occupy the cottage.

Auctioneer George D. Speakes, of Paris, and T. Porter Smith, of Georgetown, conducted the public sale Tuesday of the Lawless farm of 136 acres and improvements, located four miles from Georgetown. The home place of 69 acres, eight-room residence and tobacco barn, was purchased by Graham Taylor, of Fayette county for \$310 an acre. The unimproved tract of 67 acres, was sold to Harold Snell and Miss Mary Snell, of Bourbon county, for \$130 an acre.

John C. McDaniel, of the North Middletown vicinity, sold to James W. Hon, of Grassy Lick, Montgomery county, his suburban home, with nine acres of land, located on the Grassy Lick pike, for \$7,000, for immediate possession.

### HENDERSON TO BUILD A RACING TRACK

Organization of the Green River Jockey Club, of Henderson, Ky., capitalized at half a million dollars, to promote the new race track across the river, on Green River Island, has been perfected and articles of incorporation, naming five Henderson men as incorporators, were filed in the County Clerk's office.

The new club proposes to begin business immediately upon the filing of the articles.

Incorporators of the new company, named in the articles, are Lee Baskett, A. B. Dade, Bradley Wilson, A. G. Crutchfield and J. H. Baskett, all of Henderson.

Mr. Dade said that plans of the company will go ahead and that the construction work on the new track on the Baskett property, which has been leased for the purpose, will commence as soon as the water recedes from the land. The high water has virtually covered it.

The Green River Jockey Club is the only company interested in a race course project across the river or in the vicinity of Evansville. Mr. Dade said another company which was proposing to build a track, had abandoned its plans.

"We propose to make this a Western Kentucky project," he said, "and we will seek the co-operation and support of Western Kentucky people. This support we have received from Evansville, but this track is going to be a big thing for Western Kentucky and Henderson."

### STEALING OF FOXHOUNDS IN REARING IN STATE

The recent increase in popularity of fox hunting as a sport throughout Kentucky has also been followed by an increase in the number of dog thieves, and it seems to be almost impossible to break this practice up. The Walker kennels recently traced their famous hound, Vanity, from Crab Orchard over into the hills of Bath county. The parties who had this dog said they had bought her from a darkey, giving \$50 for her. They had no bill of sale, and they did not know who the darkey was, but they were absolutely confident they had bought the hound and would swear to it in court. One of the main troubles in breaking up dog stealing is that a man or a party of men who will steal a dog have no hesitancy in falsely swearing, acting upon the principle that a perjurer is no worse than a dog thief.

We request any one in the State that finds a party trying to dispose of a hound for which he has no papers which will bear scrutiny to notify the Chase Publishing Company, Lexington, phone 4700, and the matter will be investigated at once.

#### Embarrassing.

My most embarrassing moment was one day when one of my friends and I were in town together. We went into a store and my friend bought a toothbrush. The storekeeper wrapped it up and we started out of the store. He said something. I thought he asked if we wanted anything else, so I said "No," and we went out of the store. When we got out on the steps he came out behind us and asked my friend if she wasn't going to pay for the toothbrush. I certainly felt foolish, because I knew then that that was what he had asked before.—Exchange.

**Pheasant Stopped Train.**  
A pheasant stopped a Great Western railway express from London in an extraordinary way near Welshpool. The brakes were suddenly applied, and the engineer was at a loss to know what had happened. It was not until he dismounted from the footplate and passed to the front of the locomotive that he discovered a dead pheasant. Presumably, the bird, flying across the front of the engine, had struck the pipes operating the air brake, which came into action, and caused the train to stop.

## EXPRESS PEOPLE PREPARE FOR BUSINESS REVIVAL

The express business is a good barometer of trade, according to C. E. Colliver, agent in charge of the local express office, who declares it is significant that the American Railway Express Company is preparing for a heavy movement of express traffic during the remainder of this month and April.

The express people are confident that business resumption is near at hand. At their New York office, it is stated that an unusual number of buyers have visited New York City recently and that many concerns have full corps of traveling salesmen on the road.

As the first step in the preparations made for business increase, the express company is experimenting with steel collapsible packing trunks, which are expected to give greater protection from crushing, soiling, damage by moisture and pilfering of all small shipments.

In addition to this, the carrier has purchased 1,000 packing trunks, which are used, not only for protective purposes, but also to save extra handling of shipments, and to facilitate direct routing of traffic between specific points.

A study of the express business in 1921 shows that the American Railway Express handled 189,931,820 pieces.

## EX-PRESIDENT WILSON SEES DEMOCRATIC COMEBACK

Former President Woodrow Wilson, in a telegram to the chairman of the St. Louis County Democratic Committee expressed "confident expectation that the party soon will be reestablished in power and in a position to render renewed service to the liberal forces of mankind and throughout the world."

The telegram was in reply to a wire sent Mr. Wilson by the county convention in which the former President was assured recognition as the "leader of the Democratic party."

THIN, FLAT HAIR  
GROWS LONG, THICK  
AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and in a few moments, you have double the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless faded hair to grow long, thick, heavy and luxuriant. (T-1)

**Quick Reading.**  
The best way of reading books with rapidity is, to acquire that habit of severe attention to what they contain that perpetually confines the mind to the single object it has in view. When you have read enough to have acquired the habit of reading without suffering your mind to wander, and when you can bring to bear upon your subject a great share of previous knowledge, you may then read with rapidity; before that, as you have taken the wrong road, the faster you proceed, the more you will be sure to err. —Sydney Smith.

## ARE YOU RHEUMATIC

Many Pangs That Pass For Rheumatism Are Really Due to Weak Kidneys

Is it rheumatism? Not every pain is. Weak kidneys let uric acid collect. Uric acid causes many queer pains. In the thigh it's sciatica; In the back lumbago; In the nerves, neuritis. Gout, gravel, dropsy are uric troubles.

When you suspect the kidneys use Doan's Kidney Pills—The home-recommended remedy. Paris testimony is the best proof. Read this Paris woman's story: Mrs. J. N. Reynolds, 255 Winchester street, says: "I have found Doan's Kidney Pills to do me more good than any remedy I have ever used and I recommend them highly. I suffered from rheumatic pains and kidney trouble. I could always tell when the weather was going to change, as my limbs would become very painful. I would become dizzy especially when I first got up in the morning. My kidneys were not acting regularly, either. I was not long in getting relief after I began using Doan's Kidney Pills, and felt better in every way after using them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reynolds had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

## SEWING CIRCULAR READY FOR GIRLS

A new circular on elementary clothing work has just been issued by the College of Agriculture for free distribution to interested persons, according to an announcement from Lexington. Sewing work has proved to be one of the most popular lines offered to farm girls in the State through junior agricultural club work, more than 5,000 of them having been enrolled in it last year. The new publication, which is No. 116, gives detailed directions for making six different garments, together with a number of pointers for girls learning to sew.

## Consider the Door Construction on the Buick Four Sedan

This is merely another example of the care with which Buick bodies are built and of the attention to details which contribute so much to ownership comfort.

Notice the solid steel lug on the door. When the door is closed this lug fits into a slot on the door post. It is held firmly in place within the slot by means of two heavy pieces of metal.

This device holds the door rigid—prevents its rattling no matter how rough the roads and also prevents wear in the tongue of the lock—a characteristic occurrence when the door is held closed only by the lock itself. This is a feature on all Buick closed cars.

Don't Forget FADS AND FANCIES OF 1922 A MARLATT-CARGILL PRODUCTION Opera House April 5th and 6th Auspices Bourbon Post No. 30, American Legion

county farmer, died at his home in the Little Rock precinct, Friday night, following an illness of about ten days. Mr. Boardman was a man of estimable character, and had a host of friends in this and adjoining counties, who sincerely regret his passing away.

Mr. Boardman is survived by his widow; two brothers, John W. Boardman, of Mt. Sterling, and Elmer Boardman, of Little Rock; two sisters, Mrs. P. L. McClure, of Little Rock, and Mrs. Hiram Ewing, of Carlisle; one daughter, Mrs. Robert Berry, of near Little Rock; and five sons, Ernest, Roy, Olin, John and Richard Boardman, Jr.; all residing in this county.

The funeral was held at his late residence near Little Rock, Sunday afternoon at two o'clock, with services conducted by Rev. Ward Russell, of Little Rock. The interment followed on the family lot in the North Middletown Cemetery.

## RELIGIOUS

A Resume of Events In Religious Circles For Present and Future

—The Pastor's Aid Society of the Presbyterian church will hold an all-day meeting in the church parlors to-day. All the members are requested to attend.

The official board of the Cynthiana Christian church has extended a call to Rev. Clyde E. Darsie, pastor of the Mt. Sterling church, to become their pastor to succeed Rev. Joseph D. Armistead.

—Denis V. Snapp, of Paris, Field Secretary of the Kentucky Conference Sunday School Board, will spend the week in various Kentucky towns, conducting Sunday School Institutes. To-day he will be in Bloomfield, Wednesday, in Lagrange, Thursday, in Walton, Friday, in Butler, returning home Saturday. He will be assisted part of the time by Rev. C. H. Greer, of Paris, Chairman of the official Board.

## BIG FIRE LOSSES

Fire of unknown origin, which broke out about three o'clock Sunday morning, in Lexington, caused about \$12,000 loss by destroying a big barn and contents belonging to Lee Anderson, of 1093 South Broadway. Two cows, two mules, three hogs and about 6,000 pounds of tobacco were in the barn. Anderson said he carried a little insurance, not enough to count as against his big loss.
